EATERY

THE HEART OF THE RENOVATION...

The Eatery will be expanded and transformed into a spacious communal dining area with an intimate, 'café'-style feel, perfect for showcasing its curated mix of national and local culinary operators.

Light will cascade down from the newly-elevated ceiling, while richly-colored custom furniture will be arranged below to create plush seating areas.

Visitors will be able to gather in groups, interact with a new large-scale media wall, or comfortably unwind in a setting designed to create memories that go beyond shopping.
